2014 RESEARCH VESSEL PROGRAMME

PROGRAMME: Cefas Endeavour: Survey C End 21/14

STAFF: Nigel Lyman
Ken May (onboard from C End 20/14)
Simon Pearson
Marc Whybrow (onboard for C End 22/14)
Suzanne Ware

DURATION: 12+ hours

LOCATION: South Welsh coast

AIMS: To undertake camera trials suitable to ascertain viability of different camera systems for future usage.

PLAN: The Cefas Endeavour will mobilise all gear for C End 21/14 and C End 22/14 on Monday 20th October 2014.

Vessel will sail approximately at 06:00hrs on the 21st from Swansea and head along the coast to suitable spot for camera testing.

After completion of testing crew will disembark by pilot cutter at Swansea, vessel will commence C End 22/14.

Note:

Staff will travel to Swansea on Sunday 19th and stay ashore except K May who will be onboard already.

All staff (both C End 21_14 and C End 22_14) will stay onboard on Monday 20th. Only staff for C End 22_14 will be onboard for the night of the 21st.

GEAR: drop camera frame.
