Application for Consent to conduct Marine Scientific Research

Date:	_08.01.2015

1. General Information

1.1 Cruise name and/or number: 2015108	

1.2 Sponsoring Institution(s):	
Name:	Institute of Marine Research
Address:	P.O.Box 1870 Nordnes
	N-5024 Bergen Norway
Name of Director:	Tore Nepstad

1.3 Scientist in charge of the Project:		
Name:	Åge Høines	
Country:	Norway	
Affiliation:	Institute of Marine Research	
Address:	P.O.Box 1870 Nordnes	
	N-5024 Bergen Norway	
Telephone:	+47 55238500	
Fax:	+47 55238531	
Email:	aageh@imr.no	
Website (for CV and photo):	NA	

1.4 Entity(ies)/Participant(s) from coastal State involved in the planning of the project:	
Name:	Eric Armstrong (Karl Johan Staehr)
Affiliation:	FRS Marine Laboratory (DTU-Aqua)
Address:	PO Box 101, 375 Victoria Road,
	Aberdeen, AB11 9DB, UK
	(Charlottenlund Slot,Jægersborg Alle 1
	2920 Charlottenlund, Denmark)
Telephone:	
Fax:	
Email:	E.Armstrong@MARLAB.AC.UK
Website (for CV and photo):	NA

2. Description of Project

2.1 Nature and objectives of the project:

1) The main purpose of the cruise is the assessment of the herring and blue whiting, i.e. stock size and distribution using acoustic methods combined with sampling with pelagic trawls. The cruise is part of an international coordinated survey with vessels from the Faroes, Iceland, EU (Denmark), Norway, and Russia participating. Information on other species such as argentines, mackerel and red fish is collected upon encounter. The survey is coordinated by ICES Working Group of International Pelagic Surveys. The overarching plan of the survey is available in the web (http://www.ices.dk/reports/SSGESST/2014/WGIPS14.pdf).

2) Hydrographic investigations by use of CTD sonde, and plankton investigations using plankton nets.

2.2 If designated as part of a larger scale project, then provide the name of the project and the Organisation responsible for coordinating the project:

International survey in the Nordic Seas (IESNS), organized by the WGIPS (ICES)

2.3 Relevant previous or future research projects:

The cruise has been undertaken since 2000. A similar cruise for May 2016 is planned.

2.4 Previous publications relating to the project:

Report of the Working Group of International Pelagic Surveys (WGIPS) ICES CM 2014/SSGESST Ref. SCICOM, WGISUR, ACOM ICES, Copenhagen

3. Geographical Areas

3.1 Indicate geographical areas in which the project is to be conducted (with reference in Latitude and longitude in decimal degrees, including coordinates of cruise/track/way points/sampling stations). Please provide coordinates in a separate excel spreadsheet.

Area of operation is the Atlantic Ocean in the Norwegian Sea, including work inside the northern tip of UK \hbox{EEZ}

Survey area covers: 62°N - 72° N, 12°W - 20°E

3.2 Attach chart(s) at an appropriate scale (1 page, high-resolution) showing the geographical Areas of the intended work and, as far as practicable, the location and depth of sampling Stations, the tracks of survey lines, and the locations of installations and equipment.

See Fig. 1 for map of IESNS survey area (2014 coverage). Detailed planning with each participating vessel's survey track to be done at a later stage by the international coordinator.

4. Methods and means to be used

4.1 Particulars of vessel:			
Name:	G.O. Sars		
Type/Class:	Research vessel		
Nationality (Flag State):	Norwegian		
Identification Number (IMO/Lloyds No.):	9260316		
Owner:	Institute of Marine Research/University of Bergen		
Operator:	Institute of Marine Research		
Overall length (meters):	77.5		
Maximum draught:	7.3		
Displacement/Gross Tonnage:	4067 tons		
Propulsion:	DC-Electric		
Cruising & maximum speed:	10-11 knots, 17 knots		
Call sign:	LMEL		
INMARSAT number and method and capability	Telephone: +47 55906440		
of communication (including emergency	Telefax:: +47 55906441		
frequencies):	E-mail: GOSars@IMR.no		
Name of Master:	John Hugo Johnsen / Preben Vindenes		
Number of Crew:	15		
Number of Scientists on board:	10		

4.2 Particulars of Aircraft:	
Name:	
Make/Model:	
Nationality (flag State):

7. Port Calls
7.1 Detection of Newscood States and describe of cells
7.1 Dates and Names of intended ports of call: NONE
NONE
7.2 Any special logistical requirements at ports of call:
NONE
7.2 Nov. / Address / Today long of this wise count / (for with the)
7.3 Name/Address/Telephone of shipping agent (if available): NA
NA .
8. Participation of the representative of the coastal State
8.1 Modalities of the participation of the representative of the coastal State in the research
Project:
NA
8.2 Proposed dates and ports for embarkation/disembarkation:
NA
9. Access to Data, Samples and Research Results
9.1 Expected dates of submission to coastal State of preliminary report, which should include
The expected dates of submission of the data and research results:
International report within 2 months
0.2 Antisingted dates of submission to the appetal State of the final nament.
9.2 Anticipated dates of submission to the coastal State of the final report: International report produced by a post-cruise meeting in the end of June.
international report produced by a post cruise meeting in the end of sunc.
9.3 Proposed means for access by coastal State to data (including format) and samples:
NA
9.4 Proposed means to provide coastal State with assessment of data, samples and
Research results: NA
NA .
9.5 Proposed means to provide assistance in assessment or interpretation of data, samples
And research results:
NA
9.6 Proposed means of making results internationally available:
All data stored in the PGNAPES database and reported to ICES within 3 months.
10. Other permits Submitted
10.1 Indicate other types of coastal state permits anticipated for this research (received or
Pending):
NA
11. List of Supporting Documentation
11.1 List of attachments, such as additional forms required by the coastal State, etc.:
