R B Mitchell	SSO
G I Sangster	HSO
J T M Hunter	PTO
M Breen	SO

### Objective

~~To carry out instrumented pair seine fishing gear trials working in cooperation with~~  
FRV *Clupea*.

Out-turn Days Per Project: 4 days, IAIZ

### Narrative

The vessels met up with *Clupea* at Fraserburgh on 25 July when shipboard instrumentation was installed on all three vessels and one partly instrumented haul was made north of Fraserburgh that afternoon. A further six fully instrumented hauls were carried out from 26 July through to the evening of 28 July when all three vessels docked in Fraserburgh. Staff and instrumentation were returned to Aberdeen on 29 July.

### Results

A total of seven hauls were made in various water depths. The comprehensive engineering data obtained will be analysed in the Laboratory and utilised in the current EC Fishing Effort project (AIR Contract CT92-0445).
