CRUISE REPORT

F.R.S. "CLUPEA"

May 14th-25th, 1962.

Objective: To undertake a routine survey of the Moray Firth.

Due to bad weather only 8 stations were completed. All the trawl catches were small. Herring were caught only at stations 1 and 8 and in very small numbers.

The boat was required at Leith for fitting the herring net shaker equipment from 21st-23rd May. After this no further work was possible due to north-westerly gales.
