

RV 'LOUGH FOYLE' CRUISE REPORT CR/9/89

CRUISE LF/9/89 16 Feb 1989

PERSONNEL

D J Agnew SIC
Derek Turnbull Marine Microsystems, Cork
John Murphy Marine Microsystems, Cork

OBJECTIVES

1. To install and calibrate ROXANN seabed profiling software.

NARRATIVE

Due to problems with the length of cable run required and consequent low signal to noise ratios Lough Foyle did not sail on 16 Feb. Marine Microsystems personnel will return on 6/3/89 to complete this work.
